OCTOBER NEWS

BY PRINCIPAL MARY ROBVAIS

Our September reopening of school for face-to-face instruction and virtual learning was successful. Students were happy to return to the school building, as they entered for their temperature check, breakfast pickup, and excitement to see their teachers and classmates. Students will come to school five (5) days for in-person teaching and learning, beginning October 5, 2020. Students who will remain at home will continue with virtual learning. Students will wear face coverings, do social distancing, and practice health and safety measures, throughout the school day. Parents are to be commended for working so well with teachers and administration, during the reopening of school. Please stay informed by visiting the school's website and App for additional information and updates.
