DISTRICT VISION AND MISSION FOR TECHNOLOGY

OVERARCHING GOAL:

East Baton Rouge Parish School System will equip, educate, and empower every educator and learner to actively engage in technology-rich learning environments that prepare all students to succeed as citizens, workers, and leaders in a digital world.

Vision

District staff, educators, and students at all levels will integrate technology in meaningful and diverse ways that promote effective communication and collaboration - advancing teaching and learning in every classroom to positively impact outcomes for our students. We believe students will transition from recipients of information to creative cultivators and owners of knowledge.

Mission

All members of our dynamic team, instructional and technology support, will work together towards a shared goal - supporting every student in developing the skills and knowledge needed to succeed in a progressive, technology-reliant, global society through a dynamic technology integrated learning environment that is reliable, effective, ethical, and transformative.

Our purpose is to establish and maintain a technology integrated learning environment that ensures adequate support, training, development, and deployment systems are in place to provide educators, students, and other key personnel with the tools, resources, and information necessary for effective integration of technology in the learning environment daily.

1:1 PROGRAM POLICY

TITLE AND OWNERSHIP

Chromebook and tablet devices are purchased and owned by the East Baton Rouge Parish School System, who shall issue them for student use throughout the school year. These devices are issued in the same manner as a school textbook or other durable supplies and equipment. The student or parent does not have ownership of the device at any time and the East Baton Rouge Parish School System reserves the right to collect and redistribute devices as needed.

LICENSE AGREEMENT

The East Baton Rouge Parish School System is the sole licensee of the software included with the Chromebook and tablet device. Any copying, modification, merging, or distribution of the software by the student, including written documents, is prohibited. The student is responsible for complying with any and all hardware, software, and service provider licensing agreements, terms of use, and applicable state and federal copyright and other intellectual property protections. Violation of any such license, terms, and laws shall constitute a violation of this policy and may result in additional consequences as outlined in the Student's Rights and Responsibilities Handbook.

INTERNET & NETWORK USAGE POLICY

The Internet and Network Usage Policy (INUP) outlines the guidelines and behaviors that users are expected to follow when using school technologies. The use of any district provided technology requires staff, students, and parents to abide by the East Baton Rouge Parish School System INUP, which can be found in Appendix I.

STUDENT TECHNOLOGY USE POLICY AND AGREEMENT FORM

The East Baton Rouge Parish School System adopted the Student Technology Use Policy to serve as a guideline for the expectations of students in regards to the use of technology provided by the school system.

Before a student can use any technology at a school, the parent/guardian and the student must review the *Internet and Network Usage Policy* in **Appendix I** of this handbook and return the *Student Technology Use Agreement form* in **Appendix II** of this handbook to the school.

RECEIVING AND RETURNING THE DEVICE

1:1 CHROMEBOOK/TABLET CHECKOUT

During the first few weeks of the start of school each year, each student will be assigned one Chromebook or tablet device to use during the school year. As with textbooks, devices will be checked out through the Destiny system at the school. The students will utilize the devices and return them prior to transferring to a new school site or at the end of the year. School leaders will periodically check the device for damages. All students should return their device at the close of the school year. Chromebooks and tablets are the student's responsibility for instructional use. Therefore, any instance of misuse, loss, theft or negligence will be reviewed on an individual basis to determine the amount of financial responsibility (if any) and restitution that the parent or guardian may be required to pay. This handbook outlines the procedures and policies for use to protect the Chromebook and tablet investments for the East Baton Rouge Parish School System. In the event of such negligence, the parent or guardian will be contacted by the principal or principal's designee.

DISTRICT OWNED/ISSUED

A Chromebook/tablet will be assigned to each student through the Destiny Resource Management system. To support this initiative, each school should hold Parent/ teacher informational meetings sharing additional procedures, class use, and review of the Technology Handbook and Administrative Guidelines. Parents and students are encouraged to read this 1 to 1 Handbook and Administrative Guidelines and the East Baton Rouge Parish Internet & Network Usage Policy and Student Technology Use Agreement.

CHROMEBOOK/TABLET CHECK-IN

Each school will provide training and support to students on the device checkout process. Students are expected to follow the guidelines established by the school. At the end of each year, the Chromebook/tablet will be checked back into the Destiny system. If a student transfers to another school for any reason during the school year, the device must be checked in at that time. Students who withdraw, are expelled, or terminate their enrollment for any other reason must check-in the device upon withdrawal. Any Chromebook/tablet not returned will be considered stolen property and law enforcement agencies will be notified. Chromebooks and tablets are considered property of the East Baton Rouge Parish School System and should be treated as such. Chromebooks and tablets will be examined periodically for damage and fees may be issued if damage is found beyond normal wear and tear.

CHROMEBOOK/TABLET STORAGE

To protect Chromebooks and tablets, transport cases should be used. Each student's transport case will be labeled in the manner specified by the school. The identifiable label should never be removed from the transport case. Students should never remove the transport case from their Chromebook/tablet.

5th and 8th GRADE STUDENTS END OF THE YEAR CHECK-IN

5th and 8th grade students MUST return their Chromebooks to the elementary or middle where they attended 5th and 8th grade. (Example: A 5th grade student leaving Audubon Elementary to go to McKinley Middle

Magnet must return any devices checked out to them at the end of the school year or the end of the summer enrichment program in order to keep all school's inventory accurate and up-to-date.

DEVICE USE, CARE & MAINTENANCE

The student is responsible for the safety and security of the device and any activity associated with the device. It is the responsibility of the student to know where his/her issued device is at all times. Any devices left behind or unattended will be taken to the administrative office. Students who misplace devices will be required to pick up the device and talk to a staff member regarding the importance of accountability of their device.

User Expectations for Handling and Care of the Device

- The user must keep the device in the district provided protective case at all times, NO EXCEPTIONS.
- Device and cases must remain free of any writing, drawing, stickers, or labels that are not applied by East Baton Rouge Parish School System or individual school.
- Use the device on a flat, stable surface.
- Do not place books or pressure on the device.
- Do not store the device with the screen in the open position.
- Do not place items between the keyboard and screen.
- Do not place the device near magnets or anything with high electric current.
- Do not have food or drinks around the device.
- Do not pick up the device by the lid (screen).
- Do not attempt to clean the device.
- Avoid touching the screen with pens or pencils.
- Do not leave the device exposed to direct sunlight.
- Do not transport the device (lift, carry, etc.) while it is open. It must be closed when moving.
- When moving between classes, the device must be closed and placed in book bag or carried close to body.
- Do not leave the device unattended in an unlocked or unsecured location (i.e. gym, bathroom, cafeteria, library, bus, etc.)

1:1 DEVICE TAKE HOME CARE AND RESPONSIBILITIES

It is the student's responsibility to ensure their district-issued device is charged and returned to the school each instructional day. It is the teacher's responsibility (or the responsibility of the substitute/ assigned personnel) to keep an inventory of all devices and chargers that are sent home with students. Any damages reported or identified on any device must be documented. Any repairs or replacement costs will be the responsibility of the student/ student's parents. Notification of the repairs required and the cost will be sent home to the parent(s) of the responsible student. (Refer to the **Repair Cost Matrix** on page 12)

INAPPROPRIATE USE OF DEVICES

It is the responsibility of each student to use their issued device in an acceptable manner. Students must never hold the device by the screen. Students will be subject to the Student Technology Use Agreement as well as the student sections of the East Baton Rouge Parish School System Internet and Network Usage Policy and must adhere to the expectations of each teacher regarding the use of their device in a classroom environment. Students may at no time download material that violates the terms outlined in the East Baton Rouge Parish School System Internet and Network Usage Policy,

Student technology Use Agreement, or Students Rights and Responsibilities Handbook. Continuous, unannounced monitoring of appropriate usage of devices will be conducted regularly and all inappropriate searches will be reported to the appropriate personnel.

IN SCHOOL PRINTING

Students may only print materials related to their classes and assignments. Prior to printing, a student should ask permission to print from a staff member or teacher. If a student prints materials, not associated with a class or assignment, they may be required to pay a fee for each page printed and/or be disciplined if the material was inappropriate or obscene in nature. Printing will only be done from a desktop computer.

FILE MANAGEMENT

Students will be provided cloud space to store files. It is recommended that all files be stored in this space so that in the event a device fails, the student's work and materials will be safe. Students may also backup work on a personal jump drive.

PASSWORDS AND BACKGROUND IMAGES

It is the responsibility of each student to protect their password. Passwords should never be shared. Each Principal and Technology Facilitator will be trained on resetting passwords. Principals and Technology Facilitators will either reset it upon request or submit a ticket to have the password reset. Inappropriate media should never be used as a screensaver or background. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, gang related symbols, pictures or anything else deemed inappropriate by East Baton Rouge Parish School System may result in disciplinary actions.

AUDIO ACCESSORY USAGE & RESTRICTIONS

Unless specified to the student by the teacher, it is required that sound be muted at all times. Headphones may be used at the discretion of the teacher, but will not be provided to the schools by the East Baton Rouge Parish School System. If allowed, students should purchase a pair of headphones/earbuds for personal use. The headphones/earbuds should not be used unless indicated by the teacher.

SCHOOL COMMUNICATIONS, EMAIL, SOCIAL NETWORKING

Elementary school (PreK-5th) will not have a personal emails set up with their login names. Only high school students and select middle schools will be provided a school email address by the district that may only be used for instructional purposes. Teachers will communicate with students using a safe and secure platform that tracks all communication. High school students with emails, and the select middle school sites that have elected to provide students with emails, will be held to a code of conduct. Any communication that is deemed inappropriate will not be tolerated and subjected to internal and possible external investigation. All employees and students must adhere to the terms and agreements established in the East Baton Rouge Parish School System Internet and Network Usage Policy. Since the Chromebook is a tool used for learning, unapproved social networking sites are restricted from use.

Violations of the above user expectations, the attached East Baton Rouge Parish Internet and Network Usage Policy, and Student Technology Use Agreement may result in disciplinary repercussions as decided upon by building administration, including, but not limited to:

- Restrictions placed on device use
- Notification of parents
- Detention or suspension from school and school related activities
- Loss of device privileges
- Legal action and/or prosecution
- Financial Consequences

SAFETY AND SECURITY

PRIVACY

Students will be issued a username and password that allows them access to a personal file space and personal access to the internet. It is extremely important that students never give their username or password to any other student. By doing so, he/she will be held accountable for all internet or network actions that may take place as a result of other students posing as them. Students who attempt to hack into other systems or steal student or staff information may be subject to school disciplinary actions and legal actions, if deemed necessary.

UNAUTHORIZED USE OF DEVICES

All internet traffic is monitored by our filter program. Parents and Guardians will be notified if their child has been flagged because of inappropriate use of the device or network. Students who use a device in an inappropriate way may be subject to school disciplinary actions. These actions will be based on the severity of the inappropriate action or materials.

DISCIPLINARY MEASURES

Non-Compliance with the Student Technology Use Policy or East Baton Rouge Parish School System policies may result in one or more of the following actions:

1. Restricted use or loss of Chromebook/tablet device privileges. Possession of an East Baton Rouge Parish School System Chromebook device may be revoked at any time.
2. Student and parent may be required to make full financial restitution for any unauthorized expenses incurred or damage caused by inappropriate actions.
3. Student may face school disciplinary actions based on district and school policy violations.
4. Restriction of online apps and or extensions, online virtual connectivity, or immediate removal of virtual access.
5. Student may face legal actions based on the severity of the actions taken.

REQUESTING AN APP

The EBRPSS will provide support with extending the learning through Apps. Schools may request additional Apps through the Help Desk System. All Apps must be approved through the Technology Department, Department of Technology Integration, Curriculum & Instruction, and assigned Executive Director. Any cost associated with an approved APP will be the responsibility of the school.

OPERATING SYSTEM ON YOUR CHROMEBOOK

Chromebooks operate on a modified version of the Chrome browser. It connects to web-based resources, apps and extensions provided on the internet. When a Chromebook is initially turned on, it updates automatically allowing the students to operate on the most recent version of the Chrome operating system. If the student's Chromebook needs technical support for the operating system, the student must request and create a Help Desk Ticket through the Department of **Information Technology's** (IT) website. You can access this website through the main www.ebrschools.org website under the Departments tab.

REPORTING MINOR & MAJOR CONCERNS

Each principal or designee will report site-based minor infractions through the Help Desk System. Examples of minor concerns may include:

- Additional Chromebooks/tablets needed
- Repairs
- Reimaging Requests

Each principal or designee will report site-based major concerns directly to the Executive Director who will communicate with the Technology Director for support. After reporting the major infraction to the Executive Director, the principal or designee will report the major infraction through the Help Desk System. Examples of major concerns may include:

- Wi-Fi outage
- Multiple stolen or damaged devices
- Major damage to device cart

DEVICE & ACCESSORY REPAIR AND REPLACEMENT

DISCLAIMER

Parents or guardians may be responsible for damages or replacement due to negligence, misuse or loss. All instances will be reviewed on an individual basis to determine the amount of financial responsibility and restitution that the parent or guardian must pay.

TIMELINE FOR REPAIRS

Some repairs for Chromebook/tablet devices can be managed on-site, other repairs must be sent to the district, or a 3rd party vendor. Devices that are sent to a vendor will be processed in the order they are received and by the availability of the parts needed to make the repair. Some repairs may take over (30) days because of the specific claims process under the Chromebook care warranty.

LOANED DEVICES

Loaner devices are available on a case by case bases under the discretion of the administrator and availability. Loaner devices may not be available for students who have abused or misused their

device. Unless specified otherwise in writing, students will not take their devices home. As a school and district, we anticipate the need to loan devices to students who are having their primary devices repaired. While we hope to have loaner devices available to students during these repair periods, there may be times where we do not have any available loaner devices. Under these circumstances teachers will make every effort to allow students to use classroom computers or give the student an alternate assignment of equal value. Loaner devices may be assigned to students for the duration of their device repair. Loaner devices will be assigned on a first come, first serve basis. Loaner devices may be issued by your school librarian.

Closeout Procedures for Chromebooks

Timeline for End of Year (EOY) Chromebook Closeout

Organize EOY Chromebook closeout for your school site using the links within Step 1. We understand that every school's closeout will look differently; however, the templates provided can aid in your closeout process.

Step 1: Communicate the closeout process with all classroom teachers that have devices and/or internet hotspots.

Please ask classroom teachers to assist with inventorying device damages, submitting helpdesk tickets, etc. You are there for guidance and support.

This communication includes a review of the EOY check in procedures with school staff prior to inventorying Chromebooks.

1. [Device Inspection and Chromebook Parts](#)
2. [Additional Chromebook Procedures](#) (Optional)
3. Submitting Help Desk tickets
 - a. [How to Submit Help Desk Ticket](#)
 - b. [School Site Help Desk Ticket Tracker](#)
2. [Summer Storage Recommendation & Tips](#)
3. [Parent Communication Letter](#) (Optional)

Step 2: Develop and organize your school's EOY Chromebook Management Team. This team can be composed of any available staff members. The purpose of this team is to assist with the collection, inventory, and inspection of all Chromebook devices. This team will not complete the duties in step one. They will serve as overall managers of completion and support.

All Chromebooks must be checked into DRM and helpdesk tickets submitted by May 20th. Due to the large number of damaged devices, the IT department will need ample time to repair. To ensure that your school's devices are ready for the new school year, please submit all help desk tickets by the provided deadline. The tickets will be completed on a first come, first serve basis.

Please Note: This is the district's "Refresh Year". Grades 3, 4, 10, 11, and 12 will receive new devices to refresh and replace their current 1st Generation Acer devices. By submitting all of your help desk tickets in a timely manner, this will assist with new device deployment and support.

Frequently Asked Questions

Question: What should a teacher do if the device the student returns is not the device assigned on the class roster?

Answer: Check to determine if there was a mix-up with the devices within the same cart. If not, check with an Administrator or Technology Facilitator to determine if there is a lost or stolen device section at your site.

Question: If the student has **not** previously reported a damaged device, and the teacher notices damage such as (permanent markers on the devices, a cracked screen, missing key(s), dents on the device, or if the device will not turn on/off) what are the teacher's action steps?

Answer: 1) Create a Help Desk Ticket including the following documents: Student's Name, Service Tag Number, Serial Number, Property Control Number, Chrome cart, Chromebook/Tablet number. 2) Document the damages on the **Device Inventory Check-in Sheet**, have the student sign the inventory sheet, and fill in the letter to the parent. After making a copy of the letter to the parent, have the student sign receipt of the letter.

Question: What should I do if, the student returns a device and the serial number does not match the assigned serial number on the initial Device Inventory Sheet?

Answer: 1) try to determine if it was accidentally swapped with another device in your Chrome cart. 2) Communicate with your site Tech Facilitator to determine if there is another device that may be lost or switched? 3) Communicate with your principal for next steps.

Question: Can our Chromebook/tablet Carts be used for our Summer Programs for Credit Recovery and Leap Remediation?

Answer: Yes. Please follow the same guidelines that are used when checking out and checking in the Chromebooks to students during the regular school year. All devices need to be updated and maintained during this summer period.

Question: How should the school collect fees for damages?

Answer: For the 2021-2022 school year, EBR Internal Auditing for School Accounts will set up a Technology Fund per school to collect fees for maintenance. The Department of Technology Services does not collect fees. It is the school's responsibility to set up this account. If funds were collected for 2020-2021, those fees should be converted to this account. Please refer to the **Repair Cost Matrix** found in the **1:1 Handbook and Administrative Guidelines**.

Principal's Guide

Please use the information below to guide the 2021- 2022 1:1 Device closeouts. If you have any questions, do not hesitate to contact the Department of Technology Services for further guidance and support. If you know a teacher is not returning to your site next year, please collect their device between Monday, **May 9 - 23, 2022**.

Principals:

1. Please communicate to teachers, staff, and students that **all** instruction through devices must end by **May 19, 2022**.

1. Provide each teacher with an electronic copy of the initial Device Inventory Sheet. The person at your site who attended the course *Managing Your Chromebook* has access to this information. They should print this information and distribute it by Chrome cart to the respective teachers.

1. Identify the person at your site that will collect the Chromebook/tablet keys, (and/or Chrome cart combinations) as well as the Device Check-in Inventory using the sheets provided. Communicate to the staff who this person is. When the teachers complete the Device Check-in inventory, they should return the Chrome cart keys (or Chrome cart combination) to this person.

1. Provide the person identified in #3 with a clasp envelope (labeled Chrome cart Keys), labels for each Chrome cart Key, the signature sheets attached (one signature sheet for combination and one for keys), and a manila folder labeled Device Check-in Inventory. Instruct them to label each key with the Chrome cart number (not the teacher's name or room number). And place all Device Check-in Inventory sheets in the folder.

1. Once the teachers have completed the inventory of the devices, they will need to submit them to the assigned employee at your site.

1. Provide each teacher assigned Chrome cart with the following documents:
 - Teacher's Guide
 - Chrome cart Inventory Check-in Sheet
 - Parent Notification Letter
 - Device Inventory Damages Notices

7. Between May 17 and the end of school, an EBR Tech will report to your site to inventory the Chromebooks. Please provide this person with a **copy** of the following:
 - Device Inventory Check-in Sheets
 - Clasp envelop with the Chrome cart Keys and/or Chrome cart combinations
 - Copy of the Chrome cart Keys Signature Sheet.

- 8) The Chrome cart Keys will be returned upon completion of the inventory. Please verify the return of **all** Chrome cart keys prior to the EBR Tech staff leaving. The EBR Tech will **not** leave the campus with the Chrome cart Keys.

- 9) When all Device Check-in Inventory sheets have been collected please identify the students that have caused damage to the Chromebooks and use the notice to parents to inform the parents of the damages.

Teachers,

Using the guidance below, you need to collect and inventory the devices assigned to your Chrome cart. When you have completed the inventory, please provide _____ with your Chrome cart keys or Chrome cart combination and a copy of the Device Inventory Check-in Sheet. A letter will be sent to parents concerning the damage.

If you have any questions, please know we are here to assist.

Sincerely,

Principal, [Name of School]

Teacher's Guide

Please use the information below to guide the 2021 1:1 Device closeout. If you have any questions, do not hesitate to let us know.

For an effective closeout, you must end Chromebook/tablet lessons on or before May 19, 2021.

1. Using the school's generated Device Inventory Sheet, check to ensure the serial number on the device the student is returning matches the serial number on the sheet. If not, review the Device Closeout Frequently Asked Questions on page 4 of this document.
1. Prior to placing the devices in the Chrome cart, ask each student to turn it on and I in. Please make sure each device is in working order. The student may then turn the device off. Please check the following features for each device:
 - Ensure the serial number being returned matches the serial number on your Device Inventory Sheet
 - Are all keys on the keyboard?
 - Has the screen been cracked or damaged?
 - Are there external marks with permanent markers?
 - Are there stickers or labels on the cover?

NOTE: There will be some normal use. However, missing keys and/or cracked or damaged screens should be considered beyond the normal use.

1. Place the device in the Chrome cart. If the device is not in working order or if there are damages beyond normal wear and tear please review the Device Closeout FAQ 20-21 for next steps.
2. Please note any damage on the Device Inventory Check-in Sheet and have the student sign the document.
3. For any damage to the device that **has not already** been placed in the Help Desk Ticket System, create a Help Desk Ticket including the following information: student's name, service tag number, serial number, property control number, Chrome cart, and device number.
4. If there are no damages, place "no damage" on the Device Inventory Check-in Sheet and have the student sign the Device Inventory Check in Sheet.
5. When all students have returned the devices and all signatures have been obtained, please provide _____ with the Device Check-in Inventory Sheet. Please keep a copy for your records.

Note: For additional support, please review the Device Closeout FAQ on page 4 or seek guidance from a site administrator.

As you are collecting Chromebooks/tablets, please take an inventory with the student present. In the "Damage Description" columns place a "√" if no damage is present. If damage is present, place an "X" in that column. Do this for each device in your Chrome cart. Have the student sign after you reviewed and documented any damages. Please do not mark in the final column as an EBR Tech will use it for verification.

Check each Device in your Chrome cart for:

Power – have students turn on and log into the device to assure the device will power up; assure that the device is logged out of the student's' account

Screen – check for any dark spots, cracks, or any imperfections on the display

Keys – check for any broken or missing keys

Hinges – check that both hinges are still in working order and the computer will open and close without issue

Case – check the outer shell of the device for cracks or missing pieces; do not worry about normal wear and tear/scratches

Property Control Tag – check that the Property Control Tag is still on the underside of the computer and matches that student's assigned device according to your site's Device Inventory.

Dear Parent,

We hope that you have watched _____'s [insert student's name] technology skills advance through 1:1 technology integration within the East Baton Rouge Parish School System. Prior to distribution of the ASUS and Lenovo 100e 2nd Generation Chromebooks, and tablets, each student was trained on proper care and expectations. Through this dynamic opportunity, teachers have delivered digital-age learning activities integrating the Louisiana Department of Education K-12 Technology Readiness Skills. These technology integrated activities prepare students for real-world digital citizenship and an increasingly technology-infused workplace.

During the Device Check-in Inventory that took place the presence of your child, your child's device _____ [insert serial number] was returned with the following damage(s):

- Inability to power up
- Damaged Screen
- Missing/broken _____ Key(s)
- Broken hinge(s)
- Internal Concern
- Damaged case (beyond normal wear and tear)
- Lost Chromebook
- Other _____

The estimated cost for repair is _____. Payments must be made to our school **prior to receiving** a Chromebook or tablet in the East Baton Rouge Parish School System for the 2022-2023 school year. 4th- 9th grade teachers will be delivering technology integrated classroom instruction in the 2021-2022 school year. The device will be sent to the service provider to attempt to repair. Please know if the service provider associates a cost with this repair, you may be billed for the damages associated with this device.

If you have any questions, please contact the school. We are here to serve you.

Sincerely,
Principal, Name of School

East Baton Rouge Parish School System Internet and Network Usage Policy

The East Baton Rouge Parish School Board recognizes the role of educational technologies in stimulating innovative approaches to teaching and learning and shifting the manner in which educators and students access and transmit information, share ideas, and contact others. In addition, technology is a key component in transacting the business of the school system and school board. The connection of schools and offices to the global online community brings new responsibilities as well as opportunities.

Network resources are provided for educational purposes and to carry out the legitimate business of the East Baton Rouge Parish School System (EBRPSS). Appropriate uses include instruction, research, online collaborations, and the official work of the offices, departments, and schools. The board expects all employees, students, and board members who use computing and network resources, including electronic mail and telecommunications tools, to apply them in appropriate ways to the performance of responsibilities associated with their positions and assignments. The board directs the superintendent or authorized designee(s) to specify those behaviors that are permitted and those that are not permitted as well as disseminate appropriate guidelines for the use of technology resources.

In compliance with the Children's Internet Protection Act, the EBRPSS shall use technology monitoring and protection measures that monitor, block and/or filter Internet access to prevent access to Internet sites that fall under any of the definitions contained in *Section I: Definitions*. The technology protection measures that block and/or filter Internet access may be disabled by an authorized individual for bona fide research purposes with the permission of the superintendent, chief technology officer, or authorized designee(s). This disabling is permissible only for students 17 years of age or older or an authorized employee for the purpose as stated.

The network and Internet user shall be held responsible for his/her actions and activities. Responsibilities include efficient, ethical and legal utilization of any and all network resources.

As a matter of public law, any document pertaining to the public business on a publicly funded system is a public record, and this law applies to all records, messages and other information stored on district computers, file servers, and email and other data storage systems.

Specific guidelines for students and employees are outlined *in Section II: Student Policies and Guidelines; Section III: Employee Policies and Guidelines; Section IV:*

Acceptable Use of Information Technology Resources for District Enterprise Business applications, and Section V: General District Technology Policies.

II. STUDENT POLICIES & GUIDELINES

Student use of network resources and the Internet is for educational purposes. Adherence to policies and guidelines is required for continued access to technological resources.

A. Online Safety Instruction

All students will be educated about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyber-bullying awareness and response.

B. Email and Telecommunications

In general, any student use of networks and telecommunication resources must be for educational purposes. School system rules for student communication also apply in the online environment. Students must respect and adhere to policies in the Student Rights and Responsibilities Handbook as well as any other applicable policy, and local, state, and federal law.

Students shall:

1. Login and use network resources only with their student account.
2. Logoff and close applications immediately after completing work to prevent unauthorized use of the user ID.

3. Not use email, chat rooms, net meeting rooms, and other forms of direct electronic communication including instant messaging systems unless authorized by the district and directly supervised by a teacher. School system rules prohibiting indecent, vulgar, lewd, slanderous, abusive, threatening, sexually harassing, bullying, cyber-bullying, or any form of terrorizing language which shall apply to all forms of electronic communications. The student and parent or guardian shall sign an EBR Internet and Network Usage Policy agreement prior to an email or network account being issued.
4. Not distribute private information about themselves or others.
5. Not send spam, chain letters, or other mass unsolicited mailings.
6. Not view, use, or copy passwords to which they are not authorized.

C. Network and Internet Use

Students shall:

1. Use Internet search engines and/or other Internet tools only under the direction supervision of teachers.
2. Observe copyright laws, citing the source of information accessed over the Internet using a standard system as directed by the teacher and/or librarian.
3. Not intentionally access, transmit, copy, or create material that is illegal, such as obscenity, stolen materials, or illegal copies of copyrighted works, including, but not limited to, music, games, and movies.
4. Not intentionally access, transmit, copy, or create any materials or visual depictions on school or district networks or the Internet that are indecent, vulgar, lewd, slanderous, abusive, threatening, harassing, terrorizing, or harmful to minors. All forms of cyber-bullying are strictly prohibited.
5. Not attempt to gain unauthorized access, including so-called "hacking" or otherwise compromise any computer or network security or engage in any illegal activities on the Internet, including willfully introducing a computer virus, worm, or other harmful program to the network.
6. Not use, download and/or install any file sharing program or anonymous proxy programs or websites that bypass the district filtering systems.
7. Not use technology resources to further other acts that are criminal or violate the school or district code of conduct.
8. Not make any purchase on the Internet while using school equipment or Internet service.

Students who may inadvertently access a site that is pornographic, obscene, or harmful to minors shall immediately disconnect from the site and inform the teacher. The board does not condone any illegal or inappropriate activities and will not be responsible for such use by students. The board does not guarantee the right to use the Internet and reserves the right to suspend or terminate the privilege of any individual at its sole discretion without notice, cause, or reason.

Any violation of this policy may result in the loss of access to the Internet through the EBRPSS network. Additional disciplinary action for students will be determined in accordance with existing rules and procedures, both administrative and as stipulated in East Baton Rouge Parish policy, and including applicable law enforcement agencies when necessary.

III. EMPLOYEE POLICIES & GUIDELINES

Use of network resources and the Internet is for educational and research purposes or to conduct legitimate business of the school board. All employees desiring to use school district computers, including the Internet and email systems, must sign the EBR Internet and Network Usage Policy and agree to abide by all district regulations. The board does not condone any illegal or inappropriate activities and will not be responsible for such use by staff. The board does not guarantee the right to use the Internet and reserves the right to suspend or terminate the privilege of any individual at its sole discretion without notice, cause, or reason. Failure to adhere to these regulations may result in the loss of computer privileges, access to the Internet and electronic mail account and may result in further disciplinary action up to and including termination. Furthermore, any activity that may be in violation of local, state, or federal laws will be reported to the appropriate law enforcement agency.

A. Email and Telecommunications

Employees must use assigned email accounts in support of educational purposes and conducting district business. All employees desiring to use telecommunications tools signify by their acceptance of an email account and their signature on the EBR Internet and Network Usage Policy their willingness to adhere to school board policy. This policy also applies to the use of private e-mail accounts when access is attained using school board equipment or networks and to access attained through any authorized personal digital device while on school board property.

Communication over EBR networks is not private. Network supervision and maintenance may require review and inspection of directories or messages. Messages may sometimes be diverted accidentally to a destination other than the one intended. The school system reserves the right to access stored records in cases where there is reasonable cause to suspect wrongdoing or misuse of the system. Courts have ruled that old messages may be subpoenaed, and network supervisors may examine communications in order to ascertain compliance with network guidelines and acceptable use policies.

In general, employees are expected to communicate in a professional manner consistent with state laws and local policies governing the behavior of school employees and with federal laws governing copyright. Electronic mail and telecommunications are not to be utilized for unauthorized disclosure, use and dissemination of personal identification or confidential information regarding any student or employee.

Employees shall:

1. Not communicate any indecent, vulgar, lewd, slanderous, abusive, threatening, sexually harassing, cyber-bullying, or terrorizing e-mail or other messages or materials on school or district networks or the Internet.
2. Not send spam, chain letters, or other mass unsolicited mailings.
3. Not view, use, or copy passwords to which they are not authorized.
4. Not use technology resources to further other acts that are criminal or violate the school or district code of conduct or rules.
5. Not disclose, use, or disseminate personal information regarding minors

6. Not use the email system for commercial, political, personal activities, or religious purposes.

B. Network and Internet Use

All employees are responsible for knowing and adhering to school system policies regarding networks and the Internet. Employee policies and regulations apply to all EBRPSS employees, including classified and unclassified staff and board members.

Employees shall:

1. Login and use their network account only for their own use.
2. Logoff and close applications when leaving the computer unattended to prevent unauthorized access to sensitive, protected, or prohibited information.
3. Not intentionally access, transmit, copy, or create material that is illegal, such as obscenity, stolen materials, or illegal copies of copyrighted works, including, but not limited to, music, games, and movies.
4. Not intentionally access, transmit, copy, or create any materials or visual depictions on school or district networks or the Internet that are indecent, vulgar, lewd, slanderous, abusive, threatening, harassing, terrorizing, or harmful to minors. All forms of cyber bullying are strictly prohibited.
5. Not attempt to gain unauthorized access, including so-called "hacking" or engage in any other unlawful conduct online, including willfully introducing a computer virus, worm, or other harmful program to the network.
6. Not download non-work related files or access or download files from sites delivering or streaming audio or video except for educational use in direct instruction of students, for professional development, or to conduct district business. Any use of streaming audio or video in schools must comply with district procedures.
7. Not use, download and/or install any file sharing programs or anonymous proxy programs or websites that bypass the district filtering systems.
8. Not use the network, email system, or district web sites for personal financial gain, political advertising, or issue advocacy.
9. Not use the network, email system, or district web sites for fundraising purposes without prior written administrative approval.
10. Not link to personal home pages, use the district sites for personal web pages, or use the district site for links to sites of personal interest.
11. Not make any personal purchase on the Internet while using EBRPSS equipment or Internet service.

C. Teachers Responsibility for Student Use of Networks and the Internet

Teachers shall:

1. Not allow students to use their teacher network account.
2. Require students to login to the network with their student account.
3. Ensure that the use of Internet resources is consistent with curriculum objectives of the school system.
4. Preview and evaluate learning resources including Internet sites prior to recommending them for student use.

5. Direct and supervise student access to Internet resources identified through tools such as age-appropriate search engines, directories, resource lists, and news groups, and provide appropriate guidance and instruction to students in the use of those sites that have not been evaluated by the teacher.
6. Limit electronic distribution of assignments, classroom materials, grades, parental advisories, and any other information to systems the district provides for that purpose, in accordance with the EBRPSS Web Publishing Policy and Guide.
7. Submit a distance learning approval form to the appropriate site and district administrators prior to participating in online educational projects or courses requiring student email access.
8. Secure a parent or guardian signature on a district Media Release form and keep on file at the school, prior to publishing student pictures or work on the Internet, to protect student privacy.

IV. Acceptable Use of Technology Information Resources for District Enterprise Business Applications

The purpose of this policy is not to impose restrictions that are contrary to the EBRPSS's established culture of openness, trust and integrity; but to outline acceptable and ethical use of information technology resources. Enforcing this policy is an integral part of the district's commitment to protecting its employees, affiliates and itself from illegal, unethical or damaging actions by individuals, either knowingly or unknowingly. It is important that every enterprise business-system computer user know the guidelines of this policy, and to conduct their work accordingly.

A. General Guidelines Regarding Enterprise Business Application Systems:

1. Prior to gaining access to EBRPSS information technology resources; all employees, temporary staff, interns, contractors and affiliates must acknowledge receipt and acceptance of the EBRPSS Internet and Network Use Policy.
2. All data created on the EBRPSS's computer system remains the property of the EBRPSS. Users are responsible for exercising good judgment when using EBRPSS information technology resources.
3. Users should be aware that EBRPSS network, network traffic and devices may be monitored and audited for security and network maintenance purposes at any time by authorized individuals without prior notice.
4. All confidential and sensitive data must be encrypted and transported exclusively upon EBRPSS-owned devices.
5. EBRPSS employees should protect the technical resources under their control, such as passwords, computers and data.
6. EBRPSS employees are prohibited from sending official EBRPSS messages from a personal, non-EBRPSS email address.
7. EBRPSS employees will not configure personal e-mail to be delivered to an EBRPSS computer.

B. The following actions are prohibited on EBRPSS data networks:

1. Engaging in any illegal activity under local, state, federal or international law or in violation of EBRPSS policies
2. Sharing network user-accounts and passwords with others even on temporary basis
3. Storing EBRPSS sensitive/confidential data on personal computers or devices

4. Gaining unauthorized access or modifications to any district, department, or school network or information technology resource for any reason
5. Installing unauthorized or unlicensed hardware or software on any EBRPSS information technology device
6. Attaching personally owned devices to the EBRPSS network without an approved exclusion
7. Violating copyright laws including downloading music and non-work related video files
8. Installing personally owned digital music or movies on a district-owned computer
9. Setting up file sharing in which protected intellectual property is illegally shared such as music or videos
10. Using EBRPSS information technology resources for personal financial gain
11. Using an EBRPSS computing asset to actively engage in procuring or transmitting material that is in violation of sexual harassment or hostile workplace policies or laws
12. Performing any form of harassment or cyber-bullying
13. Creating or forwarding chain letters
14. Port scanning or security scanning is prohibited unless prior notification to the EBRPSS's Chief Technology Officer is made and authorization is granted.
15. Leaving your computer unlocked and unattended
16. Using instant messaging, voice over internet protocol, or video over internet protocol programs unless authorized for business use

C. Password requirements for EBRPSS enterprise business application systems:

Passwords keep information safe and to prevent potential security breaches. Each employee is assigned a password as a method to provide unique access to information technology resources and information. Passwords shall never be shared with others; unless a legitimate business reason exists (e.g. sharing a password with the EBRPSS Help Desk to solve a computer related problem). If an employee suspects their password has been compromised, it should be changed immediately and reported to the EBRPSS technology help desk or to the chief technology officer.

A poorly chosen password may result in the compromise of the EBRPSS network. A strong password:

1. Has both upper and lower case letters. (Required)
2. Has digits or punctuation characters as well as letters. (Required)
3. Is at least eight alphanumeric characters long. (Required)
4. Is easy to remember and hard to guess.
5. Can be typed quickly.
6. Is changed at least once every forty-five days. (Required)

Do not use:

1. The same password for multiple computer or network systems.
2. Personal information (pets, names, phone numbers, etc.) as passwords.
3. Easy to guess or identify passwords such as 1234 or QWERTY.
4. Your password on a computer you suspect may have viruses or malware.

It is important to note that the practice of writing down your passwords is discouraged, but allowed if it is stored in a secure location.

D. Virus/Malware/Spyware Prevention and Protection

1. To protect EBRPSS information technology resources, data standards or requirements for all computers and devices connected to the EBRPSS networks must be in place to ensure effective virus and malware detection and prevention.
2. All EBRPSS computers must have the standard supported EBRPSS antivirus program installed and scheduled to run at regular intervals.
3. The antivirus program and antivirus patterns (definitions) must be kept up-to date.
4. All EBRPSS computers must have antispyware program installed.
5. If you believe your computer is infected with a virus or performing abnormally, turn off your machine and contact the EBRPSS technology help desk immediately.
6. The use of non-standard programs or shareware is allowed only after approval of the EBRPSS Chief Technology Officer.

E. Sensitive/Confidential Data Handling

The purpose of this policy is to establish awareness and provide guidance on the proper handling of confidential and sensitive information, including but not limited to Social Security Numbers (SSN), credit card numbers and Federal ID numbers maintained by the EBRPSS. Forms of communication include but are not limited to oral or written words, screen displays, electronic transmission (such as email and attachments), printed material, USB storage device, etc; whether it is a partial or full display of the number.

1. Do not use SSNs as the primary identifier for any person or entity in any system, unless it is a mandated necessity.
2. Confidential or sensitive data may not be copied without authorization from EBRPSS administrators.
3. Confidential information shall be encrypted before communicated via e-mail or transferring via portable storage devices.
4. Recipients of confidential or sensitive data shall not disclose the contents to any individual unless that person has a valid need and proper authorization from EBRPSS Management.
5. The principle of least privilege must be followed in giving access to data.
6. Access privileges must be reevaluated regularly; access rights should be revoked or changed accordingly to reflect an individual's role, responsibilities and employment status.
7. Any release, exposure or potential exposure of confidential information to an unauthorized third party or unauthorized access to EBRPSS's system must be reported immediately to district management.

V. GENERAL DISTRICT TECHNOLOGY POLICIES

A. Installation and Maintenance of Hardware and Software

Installation and maintenance of hardware and software in EBRPSS schools and offices shall be directed and performed by the appropriate district technology staff. The following guidelines shall be observed:

1. Computers and other network devices shall be installed and maintained only by authorized staff. The board has an obligation to ensure that software on its computers is being used legally according to the software license and to ensure that any software installed does not create problems on that computer or the district network.
2. A multiple license must be in effect for any software installed on a network file server
3. All software installed on district computers must be related to the educational or business purposes of the EBRPSS School System.

4. Migrating to an upgraded computer does not carry with it the right to “migrate” software unless the software is removed from the original machine and/or properly licensed.
5. Migrating to upgraded servers or network operating systems does not carry with it the right to continue use of older software designed for older operating systems.
6. District technical staff has the right and obligation to remove unauthorized and harmful software from computers and will report the incident to the appropriate site and district administration.
7. Any computer that does not meet the requirements for the district network will no longer be maintained or repaired by the district.
8. Any computer accessing the Internet without network login and authentication must maintain current anti-virus software.
9. School Technology Facilitators at each school site are designated to enter work orders for hardware or software installation and maintenance and related issues into the district online system for reporting, maintaining and tracking documentation of repairs and service calls.

B. Distance learning

Use of video conferencing in schools must be approved by the appropriate site and district administrators prior to implementation and use. Appropriate uses include online courses (distance education/virtual schools), online collaborations, and/or virtual field trips to enhance the comprehensive curriculum, and other approved educational activities, including professional development. Principals or an authorized designee must submit a Distance Learning Request Form for any course or activity requiring student email access. EBRPSS student and parent(s) or guardian(s) shall sign an EBR Internet and Network Usage Policy prior to an email account and/or access credentials being issued.

C. Grants

Any employee applying for a grant with a technology component must follow EBR Grant Procedures and utilize the appropriate Grant Technology Planning Form (Office of Coordinator of Grants).

D. Outside agencies and Organizations

Any project in an EBRPSS school or facility that is initiated and funded by non-EBRPSS agencies or organizations must be planned in conjunction with the Department of Technology Services to insure that appropriate standards and procedures are followed.

Disclaimer: Neither EBRPSS nor the Technology Department will assume responsibility for maintaining, installing, operating, or repairing any technology installations initiated by outside agencies without prior written agreement approved by the superintendent, chief technology officer, and/or other authorized designee(s).

The Board expects all employees and students to cooperate in good faith with established policies and rules in order to preserve the integrity of network resources and Internet access for all users.

The following pages are copies of the acknowledgement forms found in the EBR School Board’s Student Rights and Responsibilities Handbook. Parents only need to SIGN AND RETURN the pages in the Student Rights and Responsibilities Handbook to certify that they

have received and read all guidelines concerning the use of technology devices during the 2021-2022 school year.

EAST BATON ROUGE PARISH SCHOOL BOARD

Dear Parent,

Please remove this page and the next page and return to your child's school so the school will have a record that you have received and reviewed this Handbook. Notwithstanding, ignorance of this Handbook or its contents shall not constitute a defense or excuse.

Thank You!

This is to certify that I have received and read a copy of the "STUDENT RIGHTS AND RESPONSIBILITIES HANDBOOK AND DISCIPLINE POLICY." Also, I confirm that I have read and understand the "Notification of Rights Under FERPA and Student Privacy and Education Records under LA. R.S. 17:3914" beginning on page 55 of this HANDBOOK.

Internet Use

It is imperative that all students, parents, and EBRPSS employees read the Guidelines for Network and Internet Access Policy (Section 23). Students and staff will be granted rights to use the network on their signing an Acceptable Use Policy (AUP), AUP receipt sheet, or this waiver. **If any parent/guardian does not agree to the use of the district technology instructional resources by the student, please express any objections, in writing, in a separate letter to the principal.**

Television Taping and Broadcast

From time to time, student's pictures/video will be taken at school or at school activities. These pictures may be broadcast or used in print/TV media for public viewing. **If any parent/guardian does not agree to the use of their child's pictures in this manner, please express any objections, in writing, in a separate letter to the principal.**

Biometric Scanning for Child Nutrition Program

If a parent does not want their child to participate in this program, the parent shall notify the school in writing.
